HARD FIGHT IN DALTON'S DEFENSE

Assessor's Attorneys Foiled in Their Efforts to Introduce Testimony.

The trial of County Assessor H. P. Dalton was opened this morning with a controversy between the attorneys as to the right of the defense to question A. J. Read, foreman of the job department of the Enquirer as to whether or not the books ordered were ever made or delivered.

When Attorney Fitzgerald asked Read if the books had been made, District Attorney Allen objected, claiming the question was not proper and that the defense could ask questions only on the matter that had been gone into by the prosecution.

Judge Ellsworth sustained the objection, stating that it was not proper for the defense to go into that matter because it had been stated that no attempt would be made to prove that the books had either been made or delivered.

FITZGERALD'S RIGHT.

Attorney Fitzgerald still contended that he had a right to go into the matter in view of the fact that the prosecution was attempting to show conspiracy. "I do not wish to appear insistent despite the ruling of the Court," continued Fitzgerald, "but we think it is proper to question this witness as to whether or not the books were made for the purpose of showing intent. It may appear that the books were made and it may further appear that the order for the payment of the claims was made without the knowledge or consent of Mr. Dalton—that the claims were signed by Mr. Robinson instead of Mr. Dalton.

"Do you claim that?" asked District Attorney Allen.

"Well, that is to be brought out in the evidence," replied Fitzgerald.

Judge Ellsworth finally sustained the objection.

"Do you know Mr. Stedman?" asked Fitzgerald.

Question overruled and answer stricken out on Foote's objection.

"Who is the bookkeeper of the Enquirer?" was the next question to go down and out on the prosecution's objection.

Several other questions intended to open the line of cross-examination were ruled out shared the same fate.

"Read was then asked how he knew the Oakes order was not filled.

Witness repeatedly attempted to drag in references to Stedman and conversations with him, but was each time choked off by objections. Finally he got in a statement to the effect that he started to make the books but was stopped by Stedman.

FOOTE GETS ANGRY.

"I move the answer be stricken out as incompetent and irrelevant and not responsive to the question," said Foote. "The witness is trying to get in by subterfuge what the court has ruled out."

"We take exception to the assistant prosecutor's remark that we are trying to do something by subterfuge," said Snook.

"I did not say the defense was trying any subterfuges, but that the witness was trying to get something in by subterfuge," rejoined Foote.

"I take exception to Mr. Foote's remark," said the witness.

"You haven't anything to say about it; so you had better keep quiet," replied Foote.

Mr. Fitzgerald chimed in with a reference to Foote's participation in the prosecution that stirred that attorney's wrath.

"The attorneys for the defense are acting as if I had no business here," he said warmly. "They glare at me and act as if they wish to drive me out of the case. I am here by invitation of the District Attorney and not by any sufferance of yours."

"Who are you addressing?" asked Fitzgerald, hotly.

"You, sir," said Foote.

"I don't care why you are here," came back from Fitzgerald.

Then Judge Ellsworth poured oil on the troubles waters mingled with some mild reproof and the beligerents subsided. Read's answer was stricken out. After several other ineffectual efforts to trench on the forbidden ground, Read was allowed to go.

STEDMAN CALLED.

Russell R. Stedman followed Read on the stand. He testified that on August 19th, 1901, he was present with Henry P. Dalton and George A. Oakes in the Assessor's office.

"What took place in Mr. Dalton's office on that day?" asked Allen.

"Dalton called me into his private office and said he wanted me to discount a bill for Oakes.

"I said, I know, Mr. Daniels has already spoken to me about it. He showed me a bill drawn for Oakes to furnish 75 working rolls and 30 mortgage books. I said if he wished to discount the order, he had better make two orders out of it. Either Mr. Dalton or myself put the words "expenditure authorized and approved by me" on with a red rubber stamp. Mr. Dalton wrote the signature Henry P. Dalton underneath."

Witness said the Assessor attached his signature to the approval of the claims immediately after they were made out. At that time the claims had not been verified under oath by Oakes.

TALKED WITH DALTON.

"What other conversation did you have with Mr. Dalton with reference to those bills?"

"He asked me if I thought I could get Lanktree to discount them."

"Who went with you when you took the claims over to Lanktree?"

"I think Oakes did."

Witness said Dalton already had a bill made out containing items for both sets of books, when he entered the Assessor's private office, and it was this bill that Dalton asked witness to discount. Stedman said he explained that Lanktree would not like to discount so large a bill because he would have to wait too long for his money. If the bill was divided Lanktree could get a part of his money earlier. Lanktree at first refused to discount the claims, but finally agreed to do so if the witness would take payment in two or three checks at separate times instead of the whole amount in one check. After the bargain had been made whereby Lanktree was to receive $75 for discounting the claims, witness went over to the Assessor's office and told Dalton that the discount would be $75. Dalton said this was satisfactory, and witness then returned to Dalton's office and got the $600 check.

CROSS-EXAMINATION.

Stedman was then turned over to Fitzgerald for cross-examination. Witness said he was 25 years old, a native of Sonoma county and a resident of Oakland for twelve years.

"Ever do business with Lanktree?" asked Fitzgerald.

"Yes."

"About county work?"

"Yes."

"So frequently that a single case would not be specially noted?"

"Yes."

Witness said there was some conversation in the Assessor's office relative to the Enquirer making the books. Witness also told Lanktree that the Enquirer would do the work. He told Lanktree he would have to wait twenty or thirty days before presenting the claims.

"Some time after selling the claims, did you tell Lanktree that the claims were all right, to go ahead and present them?"

"I have no recollection of doing so."

"Are you prepared to swear that you did not so meet him and so state to him?"

"No, sir."

"Do you mean to say that such a meeting might have occurred and such a statement might have been made without your remembering it?" inquired the court.

"Yes, two or three days after, but after twenty or thirty days I told Lanktree the bills were all right, meaning they were all correct and would be due when the work was done."

Recess.

J. R. TALCOTT STANDS BY THE UNIONS.

Popular Supervisor Goes on Record in Matter of Giving Out Work.

Supervisor J. R. Talcott, who has made a splendid record in office, will be renominated by the Republicans in his district. Mr. Talcott has made splendid improvements in his district and is very popular with all classes. He has just answered a question about labor unionism in the right way. The correspondence on the subject is as follows:

"FRUITVALE, Cal., July 25th, 1902.

"Mr. J. R. Talcott, High Street, Brooklyn Township, Alameda county, Cal.—Dear Sir: As incumbent of the office of Supervisor for the Second Supervisorial District of Alameda county, you are a declared aspirant to succeed yourself in that office for another term.

"You will doubtless be nominated by the Republican County Convention.

"Permit me to say, sir, that, in my humble opinion, you have made a good Supervisor from the standpoint of faithful, efficient discharge of the duties and responsibilities of your office during its incumbency by you.

"As a resident and voter of the Second District, I favor your re-election, but not unqualifiedly.

"This I have avowed in public as an attendant at the meetings of the Talcott Club.

"And now, not as a politcian, but as an American citizen who believes in, upholds and advocates labor unionism as a righteous means to a just end, namely, united power of the laboring masses to resist injustice at the hands of the rich and powerful class dominant in our political and governmental as well as our industrial and commercial spheres, I beg to ask you a direct and pointed question, and request that you make a direct and pointed answer thereto.

"My warrant for asking you such question is, that I shall sit as a delegate in the Alameda County Convention of the United Labor party, and upon your answer to my question will depend my action as a member of that body appertaining to your candidacy.

"Are you actively or passively, opposed to labor unions or labor unionism? and if elected to serve another term as Supervisor, would you, in the employment of men to do the county's work, discriminate against those who were known to be identified with, or in sympathy with, any labor union or unions? Or, to put it another way, would you, in the administration of your office, give preference to non-unionists, or those known to be not in sympathy with labor unionism?

"I beg to advise you that I have furnished to the Oakland TRIBUNE and the Enquirer copies of this letter, captioning it, "Open Letter to Supervisor Talcott." I trust that you will likewise treat your reply as an open letter. Yours truly,

"JOHN AUBREY JONES."

TALCOTT'S REPLY.

"Oakland, Cal., July 26, 1902.

"Mr. John Aubrey Jones, Fruitvale, Cal.—Dear Sir: Your esteemed favor of yesterday, entitled "Open Letter to Supervisor Talcott' is just received, and I have carefully noted the contents. In reply will say that inasmuch as your letter is to be published, and you request the answer to be so treated, I will not take the space to quote your question, but will honor your modest request for a 'direct and pointed answer' by giving it in the shortest possible terms—No.

"In the future, as in the past, I shall exert what influence I may possess in the direction of giving every citizen an even chance where possible in the disposition of favors, so long as the county does not suffer and the laws of our State are not violated. Yours respectfully,

"J. R. TALCOTT."

CONGRESSMAN METCALF AND DR. PARDEE ISSUE A JOINT STATEMENT.

They Want Harmony in the Ranks of the Republican Party of Alameda County.

Congressman Victor H. Metcalf and Dr. George C. Pardee this afternoon issued the following joint statement:

"For a long time it has been apparent that the factional differences between the Republicans of Alameda county have had a demoralizing effect upon the party, have engendered unnecessary bitternesses and have injuriously affected the welfare of the whole community. It has been for some time the general belief of the Republicans of the county that these differences were not irreconcilable and had no sound reason for their continued existence. Sharing in that belief, we have met and talked matters over. We have not in our meetings claimed or pretended to represent the great army of Republicans in the county.

"We have met as individuals, owing whatever prominence we possess to the favor of the Republican party; as individuals personally interested in the questions of the day, desirous of harmony in our own county and deeply interested in the success of the Republican party in National, State and local affairs.

"The result of our conference means that we believe that the Republican party of this county should be and can be united and harmonious, not only for the present but for the future. It means, so far as our influence extends, that we will use it to the utmost to accomplish this end.

"In pursuance of this, we trust Alameda county will send to the State Convention a united and harmonious delegation in the interests of Dr. George C. Pardee for Governor and Victor H. Metcalf for Congress; and to this end we bespeak the hearty co-operation of our friends. There has been no discussion or even consideration of the candidacy of any other person for any office."

MEXICAN MURDERS A POLICEMAN.

Tucson is Stirred Up Over the Brutal Killing of an Officer.

TUCSON, Ariz., July 28.—Intense feeling exists here over the foul murder of Policeman W. H. Katzenstein, which occurred near midnight on Saturday.

The assassin is a Mexican, 22 years of age.

The feeling is all the more intense, as this is the second murder committed by Mexicans within two weeks. A fire alarm was in at 11:30 Saturday and Officer Katzenstein was at the scene of the fire, preventing the crowd from carrying out goods. Leaving Foreman Henry Melluish in charge of the burning store, he left to see why the companies did not arrive.

He removed his firearms and delivered them at the hotel near by for safe-keeping. Katzenstein, who was acting chief of the department, crossed the street to the adobe corner and started to remove the cap from the fire plug. While bending over the plug a young man named Theodore Elias came up, having evidently observed that the officer had removed his arms, and fired the fatal shots with a 38 calibre gun, five shots being fired.

One shot took effect under the right eye and circling entered the brain, another grazing the lobe of the left ear. The officer had apparently raised after the first shot and facing Elias received the shot under the eye. He fell and died in a few minutes in the arms of Dr. Haynes, who happened to be on the spot. He asked Katzenstein if he was hurt, but no reply came. All that Haynes could hear was a few gasps. The blood flowed from the fatal wounds and ran down the cement walk to the gutter in a stream. Elias, who is about 22 years of age after firing the shots, managed to get away from the crowd, but was followed by a deputy sheriff who caught up with the murderer. As he was disarmed, he remarked: "I have killed him and you can kill me now." The reason for the murder is that the officer arrested was a friend of the murderer.

MOROSCO SAYS HE OWNS THE PLAYHOUSE.

Will Not Turn His Burbank Theater Lease Over to Estate.

From an answer filed today by Oliver Morosco to the suit to compel him to deliver to the executor of the estate of the late Walter M. Bishop, or Morosco, as he was better known, about $10,000 in cash and valuable papers, it appears that there is a dispute as to the ownership of the Burbank Theater in Los Angeles.

This theater has been considered a part of the Morosco estate and in the will is bequeathed to Oliver and Leslie Mitchell, known as Morosco.

Lewis H. Bishop, half brother of the deceased, who is acting as executor of the estate claims that the theater and the receipts obtained from it should be turned over to him to administer upon.

In his answer Oliver Morosco states that the theater is owned by him by virtue of a lease and that he is entitled to all of the receipts. He does not mention his brother in connection with the ownership of the theater. He denies that he has in his possession any papers or documents that are of value to the estate. It is asked that the suit against him be dismissed.

The bulk of the estate was bequeathed to the only son, Harry W. Bishop. He and Lewis H. Bishop are bequeathed Morosco's Grand Opera House in San Francisco. The Morosco home in Fruitvale and the residue of the estate are left to the son. The sum of $5000 in cash and property in Guilford, Conn., were bequeathed in a codicil to a brother, but the codicil was declared invalid because the witness had not signed the instrument in the presence of the testator. Morosco died on December 25, 1901.

JUDGMENT FOR HALF MILLION IN DAMAGES.

Mining Companies Are Given a Decision in Judge Morrow's Court.

SAN FRANCISCO, July 28.—An opinion affecting $699,000 worth of property in the vicinity of Grass Valley, which will result in damages being paid in a like sum, was handed down by Judge Morrow of the United States Circuit Court today.

The suit under consideration is the Pennsylvania Consolidated Mining Company vs. the Grass Valley Exploration Company.

There are two actions tried jointly by the court without intervention of a jury.

The first action is in trespass and was instituted on August 6th, 1900, by the Pennsylvania to recover the value of ore extracted by the Grass Valley Company from certain underground workings alleged by the Pennsylvania Company to be in and upon its quartz vein or ledge.

The second named action is in ejectment, begun on February 16th, 1900, by the Grass Valley Company against the Pennsylvania Mining Company to recover possession of the quartz vein or ledges described in the first action and embraced within the Pennsylvania underground works beneath the surface locations belonging to the Grass Valley Exploration Company.

The court decided both suits in favor of the Pennsylvania Company and until the appeal of the Grass Valley Company is decided the owners of the Pennsylvania will operate the mines.

Had the decision been adverse to the Pennsylvania owners, it is said that the title to much valuable property would have been placed in jeopardy.

OFFICER KIDNAPS A FRUITVALE GIRL

He Is Also Accused of Robbing the Home of Socrates Huff at San Leandro.

After a week's search and an all night vigil last night, Deputy Sheriff George V. Taylor this morning succeeded in capturing Rafael Torres, a former deputy under Constable Pete White, on a charge of felony for having enticed 15-year-old Emily Holz away from her home in Upper Fruitvale.

Complaint was made to the Sheriff a week ago by Mrs. Robert Taylor that his niece, Miss Holz, had disappeared from her home and it was feared she had been kidnaped. As it was known that Torres was well acquainted with the young girl and he had also disappeared, Taylor worked upon the theory that he had something to do with her leaving home.

After several days' inquiry and search, assisted by Detective Anthony of San Francisco, Taylor yesterday learned that Torres had rented rooms at the Oxford, 271 O'Farrell street, San Francisco.

Last night he and Anthony kept guard at the place until midnight, when the detective went home. Taylor remained on watch all night, but Torres failed to put in an appearance.

Shortly after 7 o'clock this morning, while walking around the block, Taylor noticed Miss Holz come out of a restaurant. He recognized her by the description that had been given him. Stepping inside of a doorway, he wai[ted] a moment Torres joined the [girl] then placed Torres under [arrest] and brought him and Miss Holz [to] the Alameda County Jail.

The aunt, Mrs. Taylor, w[ent] for and swore to a complai[nt] before Assistant District Attorney Sa[muels] charging Torres with felony. Mi[ss Holz] submitted to the proceedings a[nd] offered no explanation of her conduct.

It is also likely that To[rres will be] prosecuted on a charge of [burglary.] It is thought to have been re[sponsible] for the burglary of the home of [Socrates Huff] in San Leandro about a we[ek] ago, when silverware and other articl[es valued at] $200 were secured.

A warrant for his arrest on this charge has been in the hands of the authorities for several days.

Torres is a janitor by occupation. He was formerly a deputy under Constable Pete White. He was then employed as a beer garden in Fruitvale to preserve order. He has been acquainted with Miss Holz for some time.

The mother of Miss Holz is dead. She and three sisters have been reared at the home of their aunt, Mrs. Taylor. Their father, P. H. Holz, is at Bisbee, Arizona.

THEY FEAR UNCLE SAM

COLONISTS TOLD TO MAKE A COMMON CAUSE AND BEAT AMERICA.

GLASGOW, July 28.—Premier Seddon of New Zealand, in a speech here today, said the colonies had already proved that they love the motherland by sending their sons to fight in South Africa.

They wished to go further and give the mother country trade preference over other nations, but too much attention was being paid to what continental nations might think.

What the Colonies and Great Britain should do was to join in a common cause to meet American competition. Should this be done the result need not be feared, said Mr. Seddon, because the British workmen and manufacturers were unequaled in the whole world.

TALCOTT GETS IMPROVEMENTS

SAN LEANDRO ROAD WILL BE MACADAMIZED AND SEWERED AT COST OF $17,000.

The Board of Supervisors today unanimously adopted Talcott's resolution directing the County Surveyor to prepare plans for the macadamizing and constructing of a sewer along the San Leandro road from a point near Fitch avenue to Highland street.

The work will cost approximately $[illegible] 000.

The county road will be macadamized from where the macadam now stops at Fitch street and will be continued to Highland avenue. The cost of the work will be approximately $[illegible] and will commence as soon as the plans and specifications of the County Surveyor have been completed.

The sewer to be constructed is designed to carry off the storm water from the proposed road and drain the district.

HE VISITED MONT PELEE

REPRESENTATIVE OF UNCLE SAM HAS MADE A TOUR OF THE ISLAND.

(Correspondence of the Associated Press.)

FORT DE FRANCE, Martinique, Monday, July 7.—Dr. T. A. Jaguard of Harvard University representing the United States Geological Survey in the West Island, arrived for the second time in Fort De France on June 24th, and has since visited Mont Pelee twice.

He also has made excursions to the southern end of Martinique and to the Warm Springs of the interior of the Island.

Dr. Jaguard came directly from St. Vincent.

As a result of recent examinations of the crater of Mont Pelee and explorations of the track of the devastating blast which destroyed St. Pierre, it appears that there is extraordinary similarity between the eruptions of the Soufrier volcano of St. Vincent and Mont Pelee.

The products are the same, both are characterized by the absence of lava and the work of destruction, both of inanimate objects and mankind, was accomplished much the same way. The destructive effects of the eruption in St. Vincent covered a much more extensive area, but the loss of human life was much less.

There has been no active eruption of Mont Pelee of consequence since June 6th.

PROMPT JUSTICE FOR A NEGRO

HE ASSAULTED A WHITE WOMAN AND WAS LYNCHED BY A MOB.

PENBROOK, Ga., July 28.—John Wise, a negro who last Wednesday committed an assault upon Mrs. John Smith, a young white woman, was lynched here last night.

He was captured near Poller, Ga., after a desperate fight with a posse.

He was returned to this place and positively identified as the assailant.

He was then hanged to a telegraph pole and his body riddled with bullets.

COLLISION ON ELEVATED ROAD.

MANY PEOPLE ARE INJURED ON ACCOUNT OF SOMEBODY'S CARELESSNESS.

NEW YORK, July 28.—A heard-on collision occurred today between two trains on the Brooklyn elevated railroad on Adams street which resulted in the deraffing of six cars, the wrecking of two and the injury of a number of persons, at least two of them fatally.

The collision is thought to have been caused by a misplaced switch.

A train bound to New York from Bath Beach was turning the curve at the junction when it was met by a train from the bridge station and the crash occurred.

Godfrey Moore and Henry Moore of New York were pinioned beneath the wreckage and probably fatally hurt.

It was nearly an hour before they were released.

Thirteen others were bruised, more or less seriously.

Charles Shattuck, motorman of the Bath Beach train, was arrested.

John Sullivan, the motorman of the other train, has disappeared.

BASEBALL MEN TAKE TROUBLES INTO COURT.

BALTIMORE, July 28.—Trouble to the Baltimore American League Baseball Club are now to be settled in the courts. Today the Baltimore Baseball and Athletic Company, by its attorney, filed a bill in Circuit Court No. 2 asking that a receiver be appointed to take charge of the American League grounds and also asking that President B. B. Johnson, of the American League, be required to account for all money received by him since McGraw and his associates left Baltimore and joined the New York National League.

The bill was filed against B. B. Johnson, defendant, and upon it Judge Henry D. Harlan signed an order requesting cause to be shown by July 31st next and why a receiver should not be appointed as prayed.

The bill states that in January the club became a member of the American League and leased the present grounds on the York Road. This lease, the bill declares, was assigned to President Ben Johnson in March last, as trustee.

Besides the appointment of a receiver, the bill asks that the assignment of the lease from the Baltimore Baseball Club to Ben Johnson be declared void and that Johnson be required to render an accounting of the profits on the games received by him. An injunction is also prayed for to prevent the president of the American League from disposing of the league's assets and property at the baseball grounds.

Later in the day Johnson's attorney filed an answer, in which he denies the allegation and claims that Mr. Johnson, as president of the American League, is continually acting, not only as owner of the Baltimore Club, but of all other clubs of the American League.

CROPS ARE BURNED.

SALINAS, Cal., July 28.—A stack of baled hay and two stacks of unthreshed barley were destroyed by fire a little after midnight on the Nicolas ranch, a few miles from town. The fire was undoubtedly incendiary. Loss about $1,750; no insurance.

THEY CANNOT PAY THEIR CREDITORS

NEW YORK, July 28.—Cuming and Stockbridge, export and import commission merchants, assigned today. The liabilities are given as in excess of $500,000, but the assets will not be known until an examination of the books is made. The firm was mentioned in recent Havana dispatches as having been involved in the failure of B. Duran of that city.

SECRETARY MOODY LEAVES FOR NORTH

OYSTER BAY, N. Y., July 28.—Secretary Moody, who for 48 hours has been the guest of President Roosevelt at Sagamore Hill, left today on the Dolphine on his northern visit. A salute of 17 guns was fired in his honor. He will proceed along the New England Coast as far as Portland, Me. President Roosevelt passed a very quiet forenoon.

DIED OF HER WOUNDS.

HER DEATH THROWS LIGHT ON MYSTERY.

STRANGE STORY TOLD IN REFERENCE TO LATE MRS. FRANK BROWNING.

STOCKTON, Cal., July 28.—The tragic death of Mrs. Frank Browning, wife of Deputy Clerk Browning of Alameda, near Seattle a day or two ago, has cleared up a mystery of 30 years' standing in Stockton. In March of 1873, J. P. D. Wilkins, a prominent citizen of Stockton, was assassinated one night on Hunter street, near the Baptist Church.

A man named Bennett was accused of the crime, but after many trials no conviction could be secured.

Wilkins left four daughters, one of whom, Florence, was taken in charge on account of her extreme youth, and sent by the Odd Fellows up to Washington Territory in charge of a family.

Mrs. Wilkins tried for years to learn the whereabouts of the baby girl, but could secure no information and she denounced as unwarranted the action of the Odd Fellows. It is now stated that Mrs. Browning was that child, and that at the time of the fatal accident she was visiting a daughter of her foster parents, Mr. and Mrs. George V. Hussey of Alameda.

CASHIER HAS LEFT WITH THE MONEY.

SAN FRANCISCO, July 28.—William J. H. White, cashier of the Board of Public Works, has been missing since a week ago last Saturday. On that day White left his office, informing his superiors that his wife was sick and that he intended taking her to a St. Helena sanitarium. Last Monday a telegram purporting to come from White at St. Helena was received at the office of the Public Works Commissioners that Mrs. White was seriously ill, and that he would be obliged to remain away from his work for a few days.

DISPATCH WAS FALSE.

Not wishing to inconvenience him, the commissioners sent a return dispatch notifying White to remain away as long as he desired. This telegram was returned with the notice that no one of that name could be found in St. Helena. It was also ascertained that the sender of the telegram announcing White's wife's illness was an unknown woman.

Rumors were soon being circulated that all was not right with White's accounts, and these coupled with the suspicious circumstances of the St. Helena telegrams, determined the Public Works Commissioners on an investigation.

BOOKS SHOW DEFICIT.

A superficial examination of the missing cashier's accounts showed enough to convince the members of the board that their trusted clerk was a defaulter. Just what the amount is has not been determined. It is said, however, to be considerable, as the Public Works account in the Auditor's department is said to be greatly overdrawn.

DALTON'S TRIAL

(Continued From Page 1.)

AFTERNOON PROCEEDINGS.

Russell R. Stedman was again on the stand for cross-examination in the afternoon.

"Who was to inform Mr. Lanktree when the work was done so the bills could be fixed?"

"It was understood that he would have to wait twenty or thirty days, and I pointed out on the calendar about the date when the work would be done."

"Was that all the understanding about informing Mr. Lanktree when the work was done?"

"Yes."

"You told Mr. Lanktree that he would have to wait twenty or thirty days and then pointed out a later date on the calendar when the work would be done?"

"Yes."

"Did you have a conversation with Mr. Dalton in which he said the bills were not to be filed until the work was done?"

"No sir."

"Positive of that?"

"I am positive of it."

"Did you make an affidavit about this matter on or about the fourth of June?"

"I did."

"How came you to make that affidavit?"

"We object," said Foote.

Overruled and Stedman said he was induced to make the affidavit by the fact that Dalton had told him that he (the witness) would have to take the responsibility in a similar transaction subsequent to the Oakes business.

Mr. Dalton told me I would have to take the responsibility but that Mr. Daniels would protect me," said the witness. "I was afraid I might lay myself to a criminal prosecution when I told Mr. Nusbaumer about it. He told me the best way to protect myself would be to tell all about the transaction, and I agreed with him. I was partly led to do this by the fact that he already knew something about the affair."

WAS TOLD OF AFFAIR.

"Who told you Mr. Nusbaumer knew something about the matter?"

"Mr. Nusbaumer."

"Where were you when he told you this?"

"I think it was on the street."

"Did you tell him then all about the matter?"

"No; I afterwards went to his office. He was an old friend of mine."

"Did you know when you went to his office to consult with him about this that he was a bitter enemy to Mr. Dalton and Mr. Daniels?"

Objection overruled.

"Yes."

Witness said he told M. de L. Hadley about the transaction, but did not know exactly when. He told him about the bills being passed by the Board of Supervisors.

"Was that the first time you told him about it?"

"I think I told him about it a short time before."

"How short a time?"

"Not more than two weeks before I think."

"Did you get the checks given Oakes by Lanktree and have them photographed?"

Objection overruled.

"I never had the checks photographed."

"Did you get them from Mr. Lanktree?"

"I did.,

"Who had them photographed?"

"I don't know whether they were photographed or not. I never saw the photographs."

ASSESSMENT OF COUNTY IS COMPLETE.

Figures Show a Substantial Increase in Property Values.

County Assessor Dalton this afternoon completed the footings of the assessments of property in Alameda county for this year. The total county assessment is $91,455,177, an increase of $2,794,432 over last year.

Oakland township	1,966,547
Washington township	5,123,778

The total assessment last year was $88,782,142, but this was reduced by about $1,000,000 by the County Board of Equalization.

WATER COMMITTEE NOT YET DECIDED

The members of the Committee on Municipal Water Supply appointed by Mayor Barstow have not yet fully decided whether or not they will go ahead regardless of the fact that the Mayor has formally dissolved the committee.

R. H. Chamberlain, chairman of the committee, says he and his associates are prepared to pursue their investigations provided they have the substantial support of the rate payers, but he says: "We are not willing to undertake this great task unless we are reasonably certain that the rate payers are going to be with us in our endeavors. It is useless to begin a work when you only have the half-hearted support of a few people."

Petitions are being actively circulated asking the committee to continue its labors, and up to Saturday night had received 1,500 signatures. In a few days it is intended to present the petitions to the committee, and Mr. Chamberlain and his associates will then decide whether they contain sufficient warrant to continue their labors.

JOS. CHAMBERLAIN IS NOT SICK

DEATH CLAIMS JUDGE PATERSON

LEADING MEMBER OF THE BAR PASSES AWAY WITH A FINE RECORD.

Van R. Paterson, one of the best known members of the California bar, a man who has figured in some of the noted legal contests of the State, and who, at one time was a justice of the Supreme Court of this State, died at his home, 926 Octavia street, San Francisco, yesterday, after an illness of six months.

The fact that Judge Paterson was ill was known only to a few people so the announcement of his death will be a shock to hosts of people throughout the State.

Death came peacefully and when the summons was answered, the patient was surrounded by all the members of his family.

Death was due to liver complaint.

Judge Paterson was one of the members of the well-known law firm of Rodgers, Paterson and Slack. He was a native of New York City where he was graduated from the Albany Normal College in 1872 and subsequently took the degree of LL.D. in Union College. Although educated in the East, he first commenced the practice of his chosen profession at Stockton in this State. As a lawyer he was exceedingly successful. After opening his office at Stockton he quickly rose to prominence and was recognized by the bar throughout the State as a brilliant lawyer.

He was elected City Attorney of Stockton in 1878 and 1879. He resigned from that office to accept the nomination for Superior Judge, to which office he was elected. He was re-elected in 1884. In 1886 he was elected to the Supreme Court of the State for a twelve-year term, but he resigned in 1894 to resume the practice of law. He opened his office in this city and became associated with Attorney Arthur Rodgers, who recently passed away. The remaining member of the firm, Judge Slack, became connected with Paterson and Rodgers in 1898.

Judge Paterson played a prominent part in the legal history of the State. He was connected with many of the most celebrated lawsuits tried in the courts. In the Fair will contest he was appointed by the court as the representative of the minor heirs, and he was also the attorney for Clara Kluge Sutro in the contest which was made over the estate left by Adolph Sutro. In many other famous will contests he bore a prominent part. He was not a gifted orator, but he cut with the keen knife of logic, and was indispensable to his associates because of his extensive knowledge of law and its intricacies.

His practice in this city was very extensive and he had clients in all parts of the State. In 1899 he was prominently mentioned for United States Senator. He was always a staunch member of the Republican party and always interested himself in its welfare.

While Judge Paterson was practicing law in Stockton he married Miss Amy Kelsey. She and three children—Kelsey, the oldest daughter, Marjorie, and Ogden Paterson, a little son—survive him.

VOTERS SLOW IN REGISTERING

Only 17,500 of the 30,000 voters of Alameda county have thus far registered. This means the voters will have to register at the rate of a little over 2,000 a day during the next six days to be entitled to participate in the primary election which is held on August 12th. It is thought that at the present rate of registration that fully from 5,000 to 6,000 voters will be denied the privilege of participating in the primary elections.

After the primary election's registration books will remain open until September 24th.

The total registration to date by wards and townships is as follows:

First ward, 931; Second, 1,047; Third, 1,059; Fourth, 1,533; Fifth, 800; Sixth, 1,628; Seventh, 1,475; Berkeley, 1,762; Alameda, 1,728; Brooklyn township, 1,130; Eden, 1,454; Oakland, 485; Pleasanton, 481; Murray, 621; Washington, 1,010; total, 17,140.

There are a number of registrations in the office that have not yet been assorted and assigned to precincts, increasing the total number to about 17,500.

JIM CORBETT WILL ACT AS REFEREE

NEW YORK, July 28.—At a conference today Sam Harris representing Terry McGovern and young Corbett, representing himself, James J. Corbett was selected as referee for the fight between the two feather weights at New London, Connecticut, August 19th. Corbett refused to accept Tim Hurst. Harris then proposed James Corbett and the Denver boy promptly accepted him.

CHANGES IN DISTRICTS OF SUPERVISORS

THIRD AND FOURTH NOW CONFORM WITH ASSEMBLY LINES.

The Board of Supervisors this morning changed the territory of two of the Supervisorial districts, the Third and the Fourth, to conform to the Forty-eighth and Fiftieth Assembly districts.

By this change Supervisor Rowe's district is curtailed by a few blocks, and Supervisor Church's district added to.

The Third District, represented by Church, is changed so as to include the territory from Tenth street to Thirteenth street, and between Jefferson street and the lake.

By making this addition to Church's former district, the Third Supervisorial District conforms exactly with the Forty-eighth Assembly District, and the Fourth Supervisorial District by Rowe conforms to the Fiftieth Assembly District.

None of the other districts are affected by the resolution adopted by the Board.

By changing the Third and Fourth Supervisorial Districts to conform to the Forty-eighth and Fiftieth Assembly Districts, the thirty-four delegates from the Forty-eighth Assembly District in conjunction with the fourteen delegates elected from West Alameda will be the delegates to the Supervisorial Convention from the Third District.

OT STATEMENT AS TO SHIPPING TRUST

LONDON, July 28.—Premier Balfour in the House of Commons today, in reply to a question in reference to the Atlantic shipping trust, said it was improbable that the Government would be in a position to formulate a statement of its attitude toward the trust before the recess of Parliament on August 8th.

If any agreement was to be made with the trust involving a financial arrangement such agreement necessarily would be subject to the approval of the House.

LAST WEEK OF THE COLLEGE SUMMER SCHOOL

Prof. Hilgard Gives Advice to the Farmers—News Notes From the Town of Berkeley.

BERKELEY, July 28.—Professor E. W. Hilgard, Dean of the College of Agriculture at the State University, has published a brief pamphlet, in which he advises farmers and gardeners of the best methods to be adopted in exterminating weeds and the rules governing their repression.

Professor Hilgard first takes up the problem of destroying annual weeds, or those which mature their seed the first year. He says: "It is a common thing to hear farmers say that the little 'summer weeds' do no harm. As a matter of fact it is the little summer weeds that keep the ground re-seeded every season. In no case is the adage that a stitch in time saves nine more literally true than in regard to these insignificant summer weeds. But it is difficult to convince the average foreman that the greensward, which is thus brought out and which he frequently cannot touch on account of wet weather or because the vines have not yet been pruned, results mainly from the neglect of a cultivation after the last rain and some supplementary hoeing.

"Perennial weeds, like morning glory, wild heliotrope, seashore verbena, milkweed, Johnson grass, Bermuda or salt or alkali grass, etc., can be effectually exterminated by a simple process followed out faithfully for one season at least. The tops or sprouts must be cut continuously as soon as they begin to show above the surface of the ground and before they have had time to strengthen the roots or root stalks by putting out green leaves, thus exhausting the nourishment stirred in the subterranean vegetation in the vain efforts to reach the sunlight. Not a single cutting must be omitted.

"It is frequently proposed by sufferers from the above weeds that they might be poisoned by means of salt or other compounds put in the ground. The idea is based upon the fact that many plants refuse to grow in alkali land. Weeds, however, are much more hardy than are culture plants, or they would not be 'weeds.' At best the weed poisoning process cannot but be considerably more costly in its execution and after effects than the simple remedy given above."

The pamphlet, which will prove to be of the most immediate and practical value to the farmers of the State, may be obtained upon application at the Agricultural College.

VISITING DIVINES SPEAK AT BERKELEY CHURCHES.

BERKELEY, July 28.—The Rev. J. C. Bruce, who was called from Pennsylvania to preach at the First Presbyterian Church of this city, and who in all probability will be Dr. Minton's successor, occupied the pulpit for the first time yesterday morning. His subject was "Jesus Only." In the evening he preached on "The Supremacy of Goodness."

The services at the First Baptist Church were particularly interesting yesterday. In the morning the Rev. M. B. Laning preached on "The Gladness of the Resurrection." In the evening Professor L. E. Hicks of Rangoon, Burmah, lectured on "The Burmese." The regular pastor, Rev. R. L. Halsey, is absent on his vacation.

In the absence of the pastor, Rev. Ben F. Sargent, no services have been held in the evening. Professor Bissell of Claremont College conducted the morning service. The pastor is expected to return home some time during the present week.

INJURIES RECEIVED FROM MINOR ACCIDENTS.

BERKELEY, July 28.—Two minor accidents were reported on Saturday, both of which it is feared may result seriously. D. W. Wentworth, a shoe merchant of West Berkeley, was struck in the eye by a nail which he had pulled from a box cover, and it is feared that the sight of the eye may be destroyed. Mr. Wentworth is being treated by an Oakland oculist.

Victor Hansen, a painter residing at 2007 Ellis street, fell from his bicycle on Saturday afternoon and bruised hemself severely. As Hansen seemed to be much more badly injured than his bruises would warrant, it is feared that he may have sustained other injuries.

COTTRELL APPOINTED TO INSTRUCTORSHIP IN CHEMISTRY.

BERKELEY, July 28.—F. G. Cottrell, a recent graduate of the State University and for some time a teacher of chemistry in the Oakland High school, has been appointed instructor in the new Department of Physical Chemistry. Cottrell is at present studying in Berlin and has this year obtained his doctor's degree. He will return to Berkeley to assume his new duties in December.

EPWORTH LEAGUE ENTERTAINS FRIENDS AT GARDEN PARTY.

BERKELEY, July 28.—The Epworth League of the First Methodist Church of West Berkeley recently gave a most enjoyable garden party to its members at the home of Mrs. Emily Dickieson on Seventh street. The gardens were illuminated with Japanese lanterns.

One of the novel features of the party was an arbor, in which a gypsy fortune telling establishment had been fitted up.

The evening was passed in promenades and with singing, recitations and addresses. At a late hour refreshments were served.

WEST BERKELEY GIRL ANNOUNCES HER ENGAGEMENT.

BERKELEY, July 28.—The announcement has been made of the engagement of Miss Delphina Sisterna of 800 University avenue to William Hamilton. The bride-to-be is the daughter of one of West Berkeley's oldest pioneers and is very popular in the social set. The date of the wedding has not as yet been definitely decided upon.

THROWN FROM BUGGY IN EXCITING RUNAWAY.

BERKELEY, July 28.—An exciting runaway occurred yesterday afternoon, in which Guy Hyde Chick, Berkeley agent of the Contra Costa Water Company, was at one time in great danger of losing his life. Chick, in turning the horse on Hearst avenue near Shattuck, drove it down into a steep gutter. This started the frightened animal, and it started in a gallop down the street. The buggy collided with a tree, and Chick was pitched headlong into the street. The buggy was overthrown and the horse was htrown into a heap on the ground. Chick escaped with a few bruises.

PARTY GIVEN AT SAN LEANDRO

NOTES AND PERSONALS GATHERED IN THE PROSPEROUS COUNTRY TOWN.

SAN LEANDRO, July 28.—John Goodman has been given another chance to mend his ways. He was arrested a week ago on a charge of vagrancy, and after being cooped up in the San Leandro jail for seven days, Judge Quinn suspended sentence upon the earnest appeal of Goodman and his relatives. Goodman's latest exploit began with his taking four bundles of shingles which he sold, afterwards getting drunk on the proceeds. While in an intoxicated condition the man crawled into the cellar of the Hopper residence and badly frightened Mrs. Hopper. He was arrested on a charge of vagrancy, no one wishing to charge him with robbery, or he would no doubt have been given a stiff sentence. Goodman has been in a number of tight places in the past few years, but up to the last affair he had not been in serious trouble for some time.

YOUNG COUPLE HAVE RETURNED.

Mr. and Mrs. Walter R. Locke, who married last week have returned form their honeymoon, and are now residing at the residence of the groom's uncle, F. Myers, of Callen avenue. They will shortly move to their new home, which is now being built on Haywards avenue. Mr. Locke is connected with Mr. Myers' mercantile store in this place.

A BIRTHDAY PARTY.

A birthday party was given recently at the residence of Mr. and Mrs. N. L. Hansen in honor of their daughter, Monta.

CHARGES MADE AGAINST OFFICER

THOMAS LANE BURNED WHILE AT WORK IN FACTORY AT HAYWARDS.

HAYWARDS, July 28.—Considerable ill-feeling against Constable Pann of this place is felt about town, owing to his alleged brutal treatment of a stranger last Saturday. It appears that a young man, who stated that he was from Fresno got into some difficulty with a street car man. He was arrested, taken before Judge Prowse and fined $5, which he paid. Afterwards he became slightly intoxicated and was again arrested by Constable Pann. When seized by the Constable the young fellow resisted, but from witnesses of the affair, it was learned that he could have been managed without violence. Constable Pann, however, is alleged to have beaten the boy over the head with his club until the young man's scalp was laid open in a frightful manner, after which he was thrown into jail, where he lay all day without medical attendance. Witnesses of the affair say that the young fellow was clubbed without provocation. It is rumored that the matter will be brought to the attention of the Town Trustees, and a thorough investigation made.

HE WAS BURNED.

Thomas Lane, who is employed at Chisholm's Agriculture Works, was severely burned recently while lighting an oil burner. Owing to the heat in the burner, considerable gas had accumulated during the night, and when Lane applied a match to the place in the morning, the flames shot out and severely burned his hands. Owing to the small amount of gas, the young man's hands were the only part of his body that was badly burned. Had there been a great deal of gas, he would no doubt have been burned about the face.

INSTALL OFFICERS.

D. D. G. C. R., Charles W. Heyer recently installed the following newly elected officers of Court Haywards, Foresters of America: Chief Ranger, M. G. Riggs; sub-chief ranger, Wm. Zambresky; recording secretary, T. H. Thorndike; senior woodward, T. B. Thorndike; junior woodward, Alexander August; senior beedle, Frank Nunes; junior beedle, Fred Hadley.

PROF. PETRAY HERE.

Prof. H. C. Petray, who will take charge of Haywards' public school, has arrived with his family in Haywards and taken up his residence in the house formerly occupied by Prof. W. M. Greenwell, who left to take charge of the Piedmont School in Oakland.

Prof. Petray has for some time been principal of the Livermore School and is a well-known and popular man. He is a scholar of ability and his appointment to this place has greatly pleased the residents of Haywards.

SCHOOL OPENS.

The Valle Vista public school opened today with Miss Carrie Carr in charge. The school opened with about its usual attendance, but all pupils will not be enrolled for several weeks, many of the children being at work in the canneries and driers.

JUDICIAL INDEPENDENCE.

The talk of impeaching United States District Judge Jackson because of his recent action in West Virginia is both foolish and mischievous. Judge Jackson may have exceeded his jurisdiction or may have only acted unwisely, but there is nothing in his personal or judicial conduct that warrants a suggestion of impeachment. If he has exceeded his jurisdiction the higher courts afford a remedy plainly provided for in the law. A judge cannot be held to be corrupt or incompetent if he makes a mistake. Should that be the rule, few judges could sit on the bench without incurring the penalty of impeachment. We believe that Judge Jackson did not use wise discretion in issuing an injunction against the officers and agents of the Miner's Union, but that does not imply that he purposely abused his judicial authority, or that he was inspired by other than good motives, although he seems to have been partial and prejudiced.

But the independence of the judiciary must be respected. If judges can only act under fear of popular resentment, the courts will become powerless to protect individual or property rights, and judicial decrees will possess no more value or moral significance than the declarations of political conventions. Only the will of the strongest will be respected; right will be eliminated from the administration of justice and the law of might substituted.

Those who talk of impeaching Judge Jackson little comprehend what the logical result of such action would be. They do not appear to realize that the liberties of a people are lodged in the keeping of an incorruptible and fearless judiciary. If the courts once become weak and pliant, facile to every popular breeze, they must become venal and corrupt, for when moral courage and intellectual independence are eliminated from the bench craft and corruption will vie with cowardice in *dominance in judicial interpreta-*

An honest, courageous man on the bench is better, however ignorant and mistaken, than any pliant scoundrel, however able and specious. The blunders of the one may be corrected. The taint of the latter's foulness is almost ineradicable. The abler he is the more far reaching are the consequences of his soil to the purity of justice.

Judge Jackson has had a long and honorable career on the bench, and if, after more than forty years service as a judge, he shows some infirmities of temper and judgment the display is not so remarkable as to be taken as an evidence of judicial impropriety. The most illustrious men who ever sat in our tribunals have admitted that they committed errors of judgment and made mistakes in interpreting the spirit if not the letter of the law. The Miner's Union and their sympathizers should understand that mistakes are liable to occur, and that they frequently are guilty of grave errors themselves. They will accomplish far more by showing the injustice that will result from applying injunctions to quiet lawsuits than they will by attacking the honesty of Judge Jackson and trying to impeach him. We believe Judge Jackson has invaded their rights not legally, but that does not imply intentional wrong on his part, and his long judicial career free from stain should be sufficient to discredit such an imputation without debate. However, the judiciary cannot be intimated or made subservient to the changing moods of popular passion.

SCHWAB'S ORIENTAL LUXURY.

The published stories of the luxurious appointments of Charles M. Schwab's palatial palace car, the dozens of his private troupe of vaudeville performers, and the magnificence of the $5,000,000 mansion in New York give public notice to the public that the steel trust is absorbing an undue and unjust proportion of the wealth of the country. A few years ago Schwab was a poor clerk, and the present Oriental splendor of his entourage is paid for out of wealth gained by the process of watering stock. He is a concrete example of the effect of watering $300,000,000 of capital till it becomes $1,500,000,000, and then squeezing out of the people a large profit on that vast sum. This huge stock-watering and profit-sharing are the direct results of combinations in restraint of trade and destructive of competition. Mr. Schwab is serving one good purpose at least. He is drawing attention to the manner in which fabulous fortunes are suddenly accumulated in these days by financial ledgerdemain, fortunes that are taken from the pockets of the people by a subtle process, which adds nothing to the wealth of the country, wrecks its industries, and hands them over to great combinations of capital to be exploited at will. Sudden additions to enormous wealth seems to have turned Schwab's head or he would not advertise how easily his millions got by spending it like a drunken sailor on freaks as absurd as those of the Roman nobility in the days of the empire.

[illegible] to make a national portal out of opening the post-office at Bay on Sunday is a case of pulling ozone out of the air with a screw. It only makes the people look foolish and makes

SCHMITZ AND FITZ.

Mayor Schmitz is in danger of becoming comic. His attempt to referee the Jeffries-Fitzsimmons prize fight after it was over and decided is highly ridiculous in the chief magistrate of a metropolitan city. Apparently his honor thinks it his duty to decide all questions that arise within the geographical limits of his authority whether they concern him officially or not. Mayor Schmitz is deeply concerned as to whether the fight in question was a fake or not. He assumes there are ethics in prize fighting and proposes to uphold the ethics or abolish prize-fights. He has picked up a hard job. The prize fighting business is like some other things, in that it has sides to it *which will not bear close acquaintance* for the fastidious.

But why should the Mayor be worrying himself over the question of whether the fight was or was not determined on its merits? The people who went there saw a good fight. All acknowledge that. For science and brutality the combat stands at the head of the class. The exhibition being first class of its kind, the spectators got the worth of their money. It did not make any difference to them who was declared the winner, and it did not detract from the interest in the affair if one man went down and out by previous arrangement. Nobody suspected such a thing till it was suggested later, and the Mayor must rush around like an enfant terrible at a wedding telling the guests that the bride's diamonds are paste. The spectators were perfectly satisfied with what they got till the Mayor began to disturb them with suggestions of what might have been. His honor is superfluous and a trifle silk.

YOUNG JUDSON IS RELEASED

SOCIETY YOUNG MAN GOES FREE PENDING AN APPEAL TO SUPERIOR COURT.

BERKELEY, July 28.—Lin Church and Seth Mann, representing Charles W. Judson, the young law student and society man, the son of Charles Judson, owner of the Judson Powder Works, who was recently sentenced to serve a term of ninety days in the County Jail, for disturbing the peace, appeared before Justice of the Peace Edgar this morning, and served notice upon him, that an appeal from his judgment would be taken before the Superior Court.

Meanwhile young Judson has been released upon bonds of $100. The parents of the young student have gone upon his bonds.

The grounds upon which the appeal was taken were not specified by the attorneys. They will be given ten days in which to show cause why Justice Edgar's decision should be reversed. Judson will be re-incarcerated to serve the remainder of his sentence if the Superior Court should uphold Edgar's sentence.

PRINTERS ARE NOT SATISFIED

WANT DELEGATES TO WITHDRAW FROM THE FEDERATED TRADES.

FRESNO, Cal., July 28.—The Typographical Union has instructed its delegates to withdraw from the Federated Trades and Labor Council unless the latter disapproves the boycott declared against the Morning Republican newspaper by the Carpenters' Union and endorsed by the council in connection with the construction of the building for the paper.

The instructions are based among other reasons on the ground that all subordinate unions of the I. T. U. of America are prohibited under penalty of suspension of charter from engaging in, endorsing or in any way affiliating with a boycott or strike on any newspaper which is a full or affiliated member of the Publishers' Association of America, except for a violation of the written contract by the newspaper itself.

MID-SUMMER PLEASURES.

BRIDES AND GROOMS TREAD ON ROSES TO NUPTIAL ALTAR.

The wedding of Miss N. Eudora Patterson and Frederick W. Van Meter was one of the most interesting society affairs of the past week in Alameda. It united two youthful members of two of the oldest families on the peninsula and brought to a happy termination a romance that began in the school days of the bridal couple.

Owing to the indisposition of a member of the bride's family the wedding took place at the home of her sister, Mrs. G. F. Newell of 1347 Versailles avenue, instead of at her own residence. It was a home affair, attended only by the relatives and a few intimate friends.

In honor of the event the house was decorated in pink and green, hydrangeas and carnations intermingled with smilax festooning all the downstairs rooms. The bride was handsomely gowned in a dress of white silk trimmed with real lace. She was attended by Miss Vida McKean, who was the bridesmaid. The bride, escorted by her brother, H. J. Patterson, walked along a flower-strewn pathway to a station under a floral canopy in the parlor, where the groom stood waiting with his brother, G. H. Van Meter, to receive them. The ceremony was performed by Rev. F. S. Brush, pastor of the First Presbyterian Church. A wedding supper was afterward served and later Mr. and Mrs. Van Meter went away for their wedding trip.

The bride is a daughter of Captain and Mrs. M. F. Patterson of 1536 Santa Clara avenue, Alameda. Her sister is a well known singer. The groom is a son of Mr. and Mrs. Frank L. Van Meter of 940 Santa Clara avenue, Alameda.

INFORMAL TEA.

Mrs. Robert Watt was the hostess on Thursday afternoon from 3 until 5 at an informal tea given at her home on Madison street, the guests of honor being Mr. and Mrs. Charles Addison Philipps of Nuneaton, England, who are visiting here, Mrs. Philipps being a niece of Mr. Watt.

The house was prettily decorated, the dining-room in bridesmaid roses and quantities of bamboo, while the drawing-rooms were effectively done in yellow blossoms, bamboo and tall cattails artistically arranged. The hostess was assisted in receiving by her daughters, Mrs. C. O. G. Miller, Mrs. Donald Y. Campbell, Mrs. William Watt, Mrs. J. W. Pew of Belvedere, Mrs. G. W. Percy, Mrs. John L. Howard, and Miss Violet Whitney.

MID-SUMMER NUPTIALS.

A midsummer nuptial event of unusual interest in college circles, as well as to society about the bay, will be celebrated on Monday, August 4, when Miss Freda Berghauser of the class of 1904, University of California, will become the bride of Frederick H. McMillan, a member of the class of 1905.

Besides being one of the most brilliant and popular young women in college, the bride-elect has the distinction of being one of the most beautiful women who have ever attended the State institution. Tall, and of a commanding figure, her presence is sought at all college functions.

Mr. McMillan, who is the son of an influential and wealthy business man of Roche Harbor, Washington, is one of the leading members of the Sigma Alpha Epsilon Fraternity.

The ceremony will take place in Century Hall, San Francisco.

ENTERTAINED AT CARDS.

Another complimentary affair took place on Thursday evening, when Mr. and Mrs. Roy Mauvais entertained at cards in honor of Miss Hinch of Nevada, who is the guest and old friend of Mrs. Mauvais. The house was decorated in yellow blossoms and greens. The guests winning prizes were Mrs. F. W. Morse, Miss Florence Stuart, Dr. E. J. Boyes and Mrs. C. A. Batchelder. Mr. and Mrs. Mauvais' guests were: Dr. and Mrs. E. J. Boyes, Dr. and Mrs. Ernest Boyes, Mr. and Mrs. Frank Watson, Mr. and Mrs. C. A. Batchelder, Dr. and Mrs. Frederick W. Morse, Dr. and Mrs. James Akerly, Mrs. Corey, Mrs. Henkenius, Miss Florence, Stuart, Mr. Tuft, Mr. and Mrs. James Tyson, Mr. and Mrs. John Clay Hampton, Mr. and Mrs. William Gardiner Cooke, Mr. Elliott of San Francisco, Dr. Larkey, Miss Larkey and Mr. and Mrs. Roy Mauvais.

JOHN W. MACKAY AS AN EXAMPLE

REV. ERNEST E. BAKER DISCUSSES THE LIFE OF THE LATE BONANZA KING.

With "Success" as his theme and that achievement as exemplified in the life and character of the late John W. Mackay, high tribute was paid last night by the Rev. Ernest E. Baker, pastor of the First Presbyterian Church, to the capabilities of the late bonanza king. Dr. Baker said:

"California is a name to conjure with. I question whether any State in the Union is as widely known in all parts of the world. Chief among the charms of this remarkable commonwealth are the picturesque personalities produced by pioneer times and conditions. The 'Forty-Niner' will always be unique, and later times will do him justice and give him permanent place among the heroes of American civilization. These striking characters are rapidly disappearing. With the world we mourned last week the sudden death of the last of the bonanza kings. I take the extraordinary career of the late John W. Mackay as an illustration of my theme this evening, which is 'Sucess.'

"Like so many of our fellow countrymen, he was poor. It is contended that poverty is an advantage at the outset of life. That it puts a premium on struggle and effort, while the possession of means discourages active attempts to succeed. One thing is clear, that poverty in itself does not prevent success, even if it does not contribute to it. Again and again Mr. Mackay knew what it was to be 'busted,' and with high courage he persevered in the face of obstacles sufficient to appall a less determined man, with the final result of dazzling success.

"I call attention here to the gospel of grit. No one will make the most of himself or of his opportunities who *lacks the grace of stick-to-it-iveness.* A dogged persistence along the line of purpose will do much toward compelling successful issue to what otherwise would be utter failure. Self-denial *and self-control* enter into this staying power as all important factors. Mr. Mackay also possessed an almost unerring judgment of men. He rarely made a mistake in the selection of his lieutenants. Next to self-knowledge it is imperative to know men, for life is not all competition, it is largely co-operation. Here is where Mr. Mackay excelled. He knew his man and stood by him with a loyalty that knew no wavering. The secret of his lavish generosity in later years can be found in his faith in men and a genuine feeling of brotherhood for them.

"He was enterprising in a large way. After the *mining triumphs* he became banker and then entered into contract to lay the Atlantic cable, which has been a national credit as well as a profitable investment. The Pacific cable enterprise in which he was interested *at the time of his death* shows that this was a permanent trait of his character. It takes a strong man to repeat his successes in widely various fields of effort. Versatility enters into commercial success today. Concentration and specialization *may do for* the scientist and student, but for the man of affairs an all around knowledge of business principles alone will suffice. No success worthy the name will ever come to a man who looks at the clock and shirks. Only the eager, earnest, enthusiastic worker will ever come to the goal of his ambition.

"The crown of Mr. Mackay's career is his character. The man is more than the money. With all his wealth and fame he remained himself. Simple, approachable, sincere, sympathetic, he sought how best he could serve his friends and fellow men. Story after story is told of his delicate thoughtfulness of others less fortunate in the stern *struggle of life.* Widows and orphans and fellow miners and even comparative strangers shared his bounty, which was always given without ostentation and without advertisement. At one sitting he is reported to have destroyed *obligations* of others amounting to more than $1,000,000! Money is not the measure of manhood. The use of money shows the man. Not possession so much as distribution. Here lies both the peril and the privilege of wealth. Self-aggrandizement on the one hand and helpful service on the other. Let the final measure of success be ethical rather than financial, for 'a man's life doth not consist in the abundance of the things he possesseth.'"

HE WAS SHOT THROUGH TOE

BOY SHOOTS HIS FRIEND WHILE PLAYING WITH A GUN.

ELMHURST, July 28.—While playing with a 22-calibre rifle last Saturday the young son of W. H. Mann of this place accidently shot the 12-year-old son of Albert Helmstein through the toe. Neither of the boys thought the gun was loaded and when young Mann snapped the hammer Helmstein's toe was perforated by the bullet. The accident caused considerable excitement in the neighborhood, with the result that three doctors were called in to dress the wounded lad. The wound was found to be of no serious nature owing to the small calibre of the gun.

MAXWELL ANSWER MEYSEL'S CHARGE.

John P. Maxwell, who is being sued for $20,000 damages on account of the alleged false and malicious arrest of Oscar Meysel, the auctioneer, has filed an answer in the action. He admits having had Meysel, his son and clerk arrested, but claims it was without malice and with probable cause. Meysel had purchased furniture in a house owned by F. W. Schutz. When he was moving the furniture he took with him some doors. Schutz and Maxwell objected to the removal of the doors, claiming they belonged to the house. Meysel and son, Edward Meysel, and his clerk, Henry Marks, however, insisted upon taking the doors. They were arrested on charges of petty larceny. The elder Meysel was tried and acquitted in the Police Court. The charges against the others were then dismissed. The son and clerk are each suing for $10,000 damages on account of their arrests.

TRAIN WRECKED AT WARM SPRINGS

TRAFFIC TO SAN JOSE IS BLOCKED FOR SEVERAL HOURS.

Passenger traffic between Niles and San Jose was tied up from 3 o'clock yesterday afternoon until 9 last night. The cause of the tie-up was a wrecked fruit train near Warm Springs. The train left Niles a few minutes before 3 o'clock, and by the time it reached Warm Springs a journal had cut to such an extent that the trucks under one of the fruit cars gave way and turned. The train ran fully thirty car lengths before it was stopped. Wreckers were at once sent for, and at 9 o'clock the tracks were clear. The passengers on the afternoon trains were compelled to change cars and walk around the wreck.

MANY FIRES AT LIVERMORE

THE GRAPE CROP SAID TO BE THE HEAVIEST FOR MANY YEARS.

LIVERMORE, July 28.—Numerous fires have occurred in this locality during the past few days. Thursday afternoon, sparks from a passing train started fire in the stubble field of Geo. Jackson near the tunnel, burning over one hundred acres of pasture, three stacks of hay, one stack of grain, a small barn, and a quantity of fencing. The loss is several hundred dollars and fully insured.

Friday evening the gravel train engine st fire to the field of Reimer Stoeven just west of town destroying a large area of stubble, several stacks of straw and it was only by rapid plowing that the larger stable and stacks of grain were saved.

Early Sunday morning, the rail road trestle at Indian town just west of Pleasanton was found to be on fire and before it could be extinguished eighty feet was burned. All trains had to make a transfer around the trestle causing considerable delay to traffic.

THE GRAPE CROP.

The grape crop in Livermore Valley is said to be the heaviest in years and our wineries will be taxed to their utmost to handle it. In some sections of the valley, the yield will be eighteen tons to the acre but of course this is is not general. The prices from present outlook will be quite high.

AGENTS USURPS OWNER'S PLACE

W. M. WATSON ACCUSES G. A. DAVIS OF MISUSING PROPERTY AND HORSES.

W. M. Watson, the wholesale merchant, has brought an action against George A. Davis for the recovery of $692 damages for the alleged disposal of horses, a misuse of property at the merchant's country home near Pleasanton.

Before leaving for a trip to Europe, Watson appointed Davis to act as foreman and agent of the ranch near Pleasanton. The complaint alleges that during Watson's absence, Agent Davis used the family carriages and loaned them to his friends. It is also alleged that the phaeton, which formerly bore the merchant's name, was used and the name of Watson erased and that of the agents substituted.

The other allegations are that Davis sold to himself a valuable Hambletonian mare valued at $200 for $35. Other horses and farm implements to the value of nearly $600, are also alleged to have been sold or disposed of, wherefore the merchant prayes for $692 damages and costs.

A MORTGAGE ON THE HUNT HOME.

A mortgage executed a year ago by J. D. Hunt and Nellie F. Hunt, whose lives were ended in a double tragedy, was placed on record yesterday by the Central Bank, the mortgagee. The mortgage is for $900 on property at Tenth and Myrtle streets.

JUST. THINK.

You Can Think When the Food Makes Your Brain Work.

The mind does not work properly unless the right kind of food is furnished. A young man studying telegraphy said that his progress was very slow. It seemed impossible for him to pick up the art and understand it.

He suffered continually with stomach trouble and could not digest his food properly, and he finally got so he could do but little work and was tempted to give up his studies altogether.

About that time some one told him about the brain food Grape-Nuts and he went in for it. In a short time a very remarkable change took place. His stomach recovered and he became free from headaches. His hand was no longer nervous and trembling when he used the key, and the whole mystery of telegraphy untangled itself, for, as he says, "I had the mental power to master it, and the understanding came easy when the mind was in poise and strong."

He is now holding a responsible position as an operator.

This is but one of the many illustrations of the advantage of using food purposely manufactured for rebuilding the broken gray matter in the brain and nerve centers throughout the body. The facts are there and can be proven to anyone making the trial.

Don't overlook the recipe, book in each package of Grape-Nuts.

VERONA TRESTLE BURNED SUNDAY

CHIMNEY FALLS AND INJURES A MAN MOVING A HOUSE.

PLEASANTON, July 28.—The trestle bridge, about two miles and a half from town, near Verona station, was discovered early Sunday morning to be burned down. It was not known what caused the fire. The railroad company has a large force of men at work putting in a new bridge. It will be several days before this new trestle will be completed, and it is very inconvenient for the passengers, as they are compelled to walk down quite a steep bank and up on the opposite side in order to reach the other train to take them to their destination. The trains will be delayed until the bridge is completed.

A RUNAWAY.

A horse attached to an express wagon that Harold Hewitt has for delivering goods from his merchandise store became frightened and ran away, breaking down a lamp post and nearly upsetting a building that was being moved at the time. Finally the animal was captured, but the wagon was considerably broken up.

The joint installation held by the Rebekahs and Odd Fellows Wednesday evening in the Odd Fellows' Hall was well attended by the Pleasanton members and twenty-five Rebekahs from Livermore came down and joined in the circle. After the officers had been installed all adjourned to the banquet room, where justice was done to the ice cream and cake.

BROKEN LEG.

Dan Madison, who was assisting his father, P. Madison, in moving a building of Mrs. Bilz over to E. Hall's, had his foot badly crushed by the falling of the chimney as the house was crossing the railroad track. Madison was taken to Dr. Cope's office for treatment, where it was found necessary to take sixteen stitches in the injured limb.

REMAINS OF MRS. BROWNING

FUNERAL OF THE DECEASED WILL BE HELD NEXT THURSDAY.

ALAMEDA, July 28.—The remains of Mrs. Frank Browning, wife of the deputy County Clerk of this city, who met death in a tragic manner Friday night in a runaway accident at Coupeville, Washington, are expected to arrive in San Francisco Tuesday night, accompanied by the sister of deceased, Mrs. L. A. Alexander, whose home is in Coupeville. Mrs. L. R. Leroi of San Francisco and the sister of Mrs. Browning left Coupeville for home two days before the accident. She learned of the horrible death of her sister at Montague, near Shasta, as she was returning to San Francisco, and was prostrated upon her arrival yesterday. Frank Browning has received a dispatch stating that his little daughter, Ella, who was with her mother in the north, is uninjured and will return with Mrs. Alexander.

Mrs. Browning's funeral will probably take place on Thursday, either in San Francisco or this city, but final arrangements have not as yet been made. Her many friends were shocked at the news of her sudden death, and much sympathy is expressed here for her family. The funeral service is to be held under the auspices of Carita Chapter, No. 115, Order of the Eastern Star of this city, with which deceased had long been prominently identified, and for which she had served for some time as organist. The funeral service will be conducted by Mrs. George B. Clark, worthy matron, and will be only the second occasion that a funeral has been conducted under the auspices of the local chapter.

BARNUM'S DOORS ARE AGAIN FIRMLY CLOSED

Barnum's restaurant has again closed its doors to the public. This action was necessitated by the placing of an attachment of $1,283 on the restaurant by F. F. Walter last Saturday, representing the combined creditors. A few days before W. M. Watson levied an attachment of $890 for liquors delivered. Matters were temporarily patched up, but when the second attachment, combined with the demands of eight unpaid cooks and waiters, was levied on the proprietors, Leon Faure and D. W. Barrett thought it better to close outright.

SALT PROPERTY IN DISPUTE

RIVAL STOCK HOLDERS SEEK TO CONTROL MARSHES AT ALVARADO.

A misunderstanding has arisen in the Continental Salt and Chemical Company, the only salt company near Alvarado, in this county, which is not controlled by the Salt Trust, and yet the trust claims to own a majority of the stock issued by the company and has also possession of the mill of the concern at Alvarado.

H. C. Coward of this city, one of the newly-elected directors, and the chosen manager of the new board, went to Alvarado last Saturday evening to take possession of the mill and salt marsh lands belonging to the company. He was accompanied by his brother, R. W. Coward, but they found J. C. Symons, Frank McMahon and Vincent Brink in charge. They did not attempt to interfere with the possession of the plant.

Mr. Coward has been connected with the company from its incipiency, and knows the situation thoroughly.

Mr. Coward explains the situation as follows:

"There are 400,000 shares of capital stock, of the par value of fifty cents a share in the Continental Salt and Chemical Company. Of this number 168,500 have been issued and the balance is treasury stock. Of the issued stok, L. R. Ellert, L. A. Berteling and John Lackmann owned 83,300 shares. Ellert is dead, Bertelling is in South America, and Mr. Lackmann, like his former associates, has sold out to the trust, which was represented on the Board of Directors by a number of clerks. This whole affair was a job. The attempt to hold a meeting of the board immediately after the interests of the three men I have named had been sold out was a failure. This was in March last. Between that time and June 24th, the minutes were distorted to make it appear that the meeting was adjourned temporarily only, and at a pretended adjourned meeting the dummies of the salt trust were elected directors. Of the 168,500 shares, the trust controls just 150 shares over the half; but the stock was not at Saturday's meeting, and so the shareholders chose William J. Dingee, William G. Henshaw, Oscar T. Weber, Francis J. Heney and myself."

FINAL WEEK OF "THE WILDERNESS"

The play this week at the San Francisc Columbia Theater will be last week's pronounced success, H. V. Esmond's comedy in three acts, "The three acts, "The Wilderness." In this drama of fashionable life in England Margaret Anglin, as the flirt, is said to be at her best. Henry Miller, always good, is unusually fine in his role in "The Wilderness."

There will be matinee performances on Wednesday and Saturday afternoons.

Next Monday the bill at the Columbia will be "The Only Way." Miss Anglin will make her initial California appearance in her original part of Mimi; Henry Miller will be Sydney Carton.

Impresario Jacob J. Gottlob of the Columbia is undoubtedly reaping a comfortable harvest from the Miller-Anglin season at his house, but with that current attraction, together with the plays presented, it would be srange if patronage was any less abundant.

MORRISON ENDS HIS CAREER

SUICIDE WROTE HIS FATHER OF HIS PURPOSE OF SELF-DESTRUCTION.

By the jewelry upon the body, the remains of the man found near Lafayette Saturday evening, was identified yesterday as that of William G. Morrison of 548 Santa Clara avenue, Alameda. When the body was found, near it lay a revolver containing several empty shells. It is supposed that the deceased committed suicide. The body was identified by the father of the unfortunate man at Martinez, where it had been taken by Coroner Curry of Contra Costa county. The father stated that his son was 22 years old and a bookkeeper, and had been employed by J. C. Irvine of San Francisco, and he could see no reason why his son should commit suicide, for the boy's accounts with his employers were straight and he was in no danger of losing his position.

To Coroner Curry the father stated that his son had been in ill health for some time and about a month ago had had received a letter from him in which the boy wrote that before he received the note he would be in eternity, but he gave no reason why he was going to die.

The suicide leaves a father, mother and a sister, Mrs. William S. Grover. The body has been brought to this city for burial. The inquest will be held Tuesday.

This Week's Sale.

DIED IN HIS CELL AT PLEASANTON

While serving a sentence in the Pleasanton jail for drunkenness, August Olsen, 50 years of age, died yesterday afternoon in his cell. The prisoner was alive and well yesterday noon when Town Marshall John Head carried his food to him and when he went again to the cell in the evening, the prisoner was dead. No marks of violence were found on the body nor is there any sign denoting suicide, and it is thought that death was caused by the effects of the alcohol deceased had imbibed. The Coroner has taken charge of the remains and an inquest will be held.

PASTOR TALKS OF FRATERNITIES

AN INTERESTING SERMON DELIVERED BY REV. HOTLE IN EAST OAKLAND.

The Eighth Avenue Methodist Church was well filled last night the occasion being "fraternal night." Rev. Owen Hotel, the pastor delivered an address on "Christ and the Fraternities." The pastor said in part:

"I welcome you tonight as members of the various fraternal orders of this city, because of what you represent, being a part of the great national organizations. I welcome you because you are a social power, because you are forming the character of thousands of men and women, today who are members of your orders. But more than this, I welcome you tonight because you represent a large part of realized Christianity, that part which I have just read you from the Scripture, the ministering unto the wants of millions of women and children. There are ten thousand happy homes in our country today, which, had it not been for the fraternal organizations, would have been in poverty and want. As societies you have been given not alone the cup of cold water, but bread and meat to millions of the least. To the non-fraternal men and women it may help you to appreciate the significance of the subject if I give you a few facts concerning the fraternal organizations of today.

"There are registered and reported 212 orders. There are two classes of these orders, the purely fraternal orders, and the life-beneficiary orders. The former represents a membership of 3,005,000; the latter 3,019,000; a total of 6,024,000. These various societies paid out in benefits in the year 1899, $48,100,000. One hundred and twenty-two of these societies have paid in the last thirty years, since the organization of the first one, $570,533,581.50. In 1891, the fraternal societies of America paid $4,000,000 more in benefits than the Standard Oil Company paid in salaries to its employes, or $50,000,000. the influence and benefit of this vast amount can better be appreciated if we divide it into two parts. Let us say that $25,000,000 was paid as life insurance policies, and $25,000,000 as weekly benefits for the sick. The former at $2000 a policy, would mean 12,500 widows placed beyond the fear of want. The latter, 250,000 families receiving $10 per week, for ten weeks of the year, which meant, in many cases, the power to keep actual want from the door.

"With such striking figures, we must feel that the fraternal orders are truly feeding the hungry, giving drink to the thirsty, clothing to the naked, visiting the sick, in short, are helping millions to realize the beauty of the greatest command of Christ.

While all this on the subject of Christ and the fraternities, and certainly an inviting field for an evening's consideration, yet tonight I desire to speak, if possible, of a larger phase of the question. I want to speak tonight on the relation of the fraternities to the realization of the kingdom of God among men to the Brotherhood of man.

"While Jesus spoke on a good many issues which interest humanity yet there was none which was so persistent with him, and none which seemed to be nearer his heart than the idea that men sometime were to become brothers, that society would some day be a great, huge family, not of feuds, but a family controlled by love, sympathy and unselfishness. Yet there is no idea that the man of the world more cordially hates than this idea of the Christ's. It is not to be wondered at that he does hate it. To acknowledge it implies so much, to say it is possible or right means a change of life for him. Looking from a personal and natural point of view it has in it the most unpleasant necessities. It carriest with it the most tremendous responsibilities, the kind of responsibilities which men loathe to acknowledge. To acknowledge it, means, on the one hand, for a man to become responsible for every man lower than himself, it relates you and me inseparably to every paper, to every thief, to every degenerate of society. Yes, this is what the Kingdom of God, the brotherhood of man, must mean. It means that no man can wash his hands and say that the poor, the fallen, the unfortunate, are no kin of his, that their condition is no business of his. It means that no woman can walk the street and by turning her face and holding skirt aside say the fallen woman is no sister of hers. To acknowledge it means to invite all the world, every man to join and say 'Our Father.'"

Have subleased 10 acres to a strong concern, which will soon begin drilling.

Thus provided (without further expense to the Independence) for compliance of terms to drill more wells on their own territory.

NOTICE OF STREET WORK.

Notice is hereby given, That on the 14th day of July, A. D. 1902, the City Council of the City of Oakland passed Resolution of Intention No. 27,526, as follows, to-wit:

Whereas, The public interest and convenience require that the work and improvement hereinafter described should be done, and

Whereas, In the opinion of this Council said contemplated work and improvement is, and is hereby declared to be of more than local or ordinary public benefit, now therefore, the Council of the City of Oakland does hereby resolve and declare that it is the intention of said Council to order the following work and improvement to be done, to-wit:

The construction, in accordance with the plans, profiles and specifications made therefor by the City Engineer of said City of Oakland and filed with the City Clerk of said City on the 7th day of July, 1902, of a Relief Outlet Sewer in and along Fourth avenue, from the manhole at Newton avenue to East 19th street; thence along East 19th street to Athol avenue; thence along Athol avenue to Lake Shore Avenue; thence across Lake Shore avenue and across the line of the proposed Boulevard to Lake Merritt; together with seven (7) manholes, three (3) catch basins with conduit pipes, the connection of said sewer with the existing sewer at the said manhole at Newton avenue, and the reconstruction of the lower portion of the existing conduit pipe at the existing catch basin at the northwestern corner of Newton avenue, and Fourth avenue, all as particularly described as follows, to-wit:

Said Relief Outlet Sewer will be constructed of concrete and will have a circular cross-section with diameter of three (3) feet inside and four (4) feet outside, excepting that where said sewer is on a pile foundation the outside cross-section will be modified to the extent of making the lower half rectangular in shape, with sides vertical and bottom level and four (4) feet wide.

The center line of said sewer, and the center points of said seven manholes herein provided for, will be located as follows, to-wit:

Beginning at a point on the inside wall of said manhole at Newton Ave., which point bears north 86 deg. west from the center of said manhole at Newton avenue; thence south seventy-nine degrees and forty-six minutes west (S. 79 deg. 46 min. W.) ninety-four (94) feet to the center of the first one of said seven manholes herein provided for; thence south sixty-eight degrees and forty-nine minutes west (S. 68 deg. 49 min. W.) two hundred twenty-one and six-tenths feet (221.6) to the center of the second of said manholes herein provided for; thence south fifty-seven degrees and forty-eight minutes west (S. 57 deg. 48 min. W.) one hundred and ninety-one and thirty-nine hundredths (191.39) feet; thence along a curve to the right (said curve having a radius of 40 feet) to a point of tangency in the line of said sewer, said point of tangency being the center of the third of said manholes herein provided for; and bearing north eighty-eight degrees five minutes west (88 deg. 05 min. W.) thirty-three and sixty-six hundredths (33.66) feet distant from the point of beginning of said curve; thence north fifty-three degrees and fifty-seven minutes west (N. 53 deg. 57 min. W.) three hundred sixteen and sixty-seven hundredths (316.67) feet to the center of the fourth one of said manholes herein provided for; thence north sixty-two degrees and forty-one minutes west (N. 62 deg. 41 min. W.) four hundred and seventy (470) feet to the center of the fifth of said manholes herein provided for; thence south eighty-two degrees and twenty-one minutes west (S. 82 deg. 21 min. W.) two hundred forty-one and seventy-eight hundredths (241.78) feet to the center of the sixth of said manholes herein provided for; thence south fifty-eight degrees and four minutes west (S. 58 deg. 04 min. W.) one hundred and ninety-six (196) feet to a point of curve in the line of said sewer; thence on a curve to the right with a radius of nine (9) feet and having a chord which bears south eighty-three degrees and eighteen minutes west (S. 83 deg. 18 min. W.) seven and sixty-seven hundredths (7.67) feet to a point of tangency of said line of said sewer; thence north seventy-one degrees and twenty-eight minutes west (N. 71 deg. 28 min. W.) two hundred thirty-seven (237) feet to the outlet of the said sewer in Lake Merritt. The center of the seventh of said manholes will be located at the middle point of the curved arc last above mentioned.

From and including the seventh (7th) of said manholes to the end of said sewer in Lake Merritt, said sewer will have a foundation of timber and piles, said piles being driven in bents spaced eight (8) feet apart between centers, two piles in each bent. Each of said bents will have a cap of Oregon pine six (6) inches thick by twelve (12) inches wide and five (5) feet long; two (2) parallel longitudinal stringers, eight (8) by eight (8) inch Oregon pine; and a floor four (4) feet wide, built of two (2) inch by twelve (12) inch Oregon pine planking.

Said relief outlet sewer will be laid on a uniform grade between said existing manhole at Newton avenue and the point where said relief outlet sewer crosses the center line of the existing East Side sewer in Lake Shore avenue; and thence will be level to the end in Lake Merritt. The bottom inside of said relief outlet sewer at said existing manhole at Newton avenue, will be at the same elevation as the bottom inside of the upper end of the existing ten-inch sewer at said manhole at Newton avenue; and at said point of crossing of said East Side sewer the bottom inside of said relief outlet sewer will be at an elevation three (3) feet two (2) inches lower than the bottom outside of said East Side sewer.

Across the upper end of said relief outlet sewer, at said manhole at Newton avenue, there will be placed a wall or dam of concrete with its top level and at the same elevation as the upper end of the top of the inside of the existing ten (10) inch sewer at said manhole at Newton avenue. Above said dam of concrete, the wall of the manhole will be cut away so as to conform to the shape and size of the said relief outlet sewer.

Each of said seven (7) manholes herein proposed will be built of concrete below and of brick above the level of the top outside of said relief outlet sewer at each respective manhole, and will be circular in plan and will be provided with a cast-iron ventilating top with iron pan.

The first, second, third and seventh of said manholes will be four (4) feet in diameter inside at bottom, and will taper to a diameter of two(2) feet inside at top. The fourth, fifth and sixth of said manholes will be four (4) feet in diameter from the bottom to a point in each case seven (7) feet below the top and taper thence to a diameter of two (2) feet inside at top. Each of said seven (7) manholes will be provided with steps made from bars of round iron, one (1) inch in diameter, galvanized, and bent into the shape of the letter "U;" said steps to be placed fifteen (15) inches apart in a vertical row on the inside of the wall of the manhole. The walls of said manholes are to be eight (8) inches thick.

Said three (3) catch basins are to be constructed of concrete with tops and inlet frames of iron and have inlet openings nine (9) inches high and three (3) feet wide, and be connected, in each case, with said relief outlet sewer by means of a twelve (12) inch salt-glazed vitrified iron-stone pipe. Said catch basins will be located with their inlet openings vertical and on the curb lines, one each at the following points to-wit: At the northwestern corner of Newton avenue and 4th avenue; at the northern corner of 4th avenue and East 19th street, and at the eastern corner of 4th avenue and east 19th street.

The lower ten (10) feet of the existing conduit pipe at the intersection of Fourth avenue and Newton avenue will be taken up, relaid, and said existing conduit will be extended with material of the same size and kind as said existing conduit is now built of, so as to enter said relief outlet sewer one (1) foot westerly from the outside of said existing manhole at the intersection of Fourth avenue and Newton avenue.

Said conduit from said catch basin at northwestern corner of Newton avenue and Fourth avenue will join said sewer at the point where said sewer crosses the western line of Newton avenue extended southerly. Said conduit from said catch basin at the northern corner of Fourth avenue and East 19th street will join said sewer at the third of said manholes. Said conduit from said catch basin at the eastern corner of Fourth avenue and East 19th street will join said sewer at the point of beginning of said curve first above mentioned.

And said Council does hereby determine and declare that said proposed work and improvement will effect and benefit the lands and district hereinafter described, and that, therefore, the entire costs and expenses of said work and improvement shall be and is hereby made chargeable against and assessed upon said lands and district, which district is within the City of Oakland, County of Alameda, State of California, and is particularly bounded and described as follows to-wit:

FITZSIMMONS WANTS THE MAYOR TO INVESTIGATE

Says That He Will Produce Evidence That He Fought on the Square—Oakland and Sacramento Play an Even Game.

SAN FRANCISCO, July 28.—Robert Fitzsimmons has made the following statement:

"There were over 7,000 people who saw the fight, so far as the returns show, and outside of those who are trying to make it out a fake there is but one man who says the fight was not on the square. That one man is Mayor Schmitz. He has said that he believes the fight was a fake, and I do not doubt the honesty of his opinion. He was there; he saw the thing from start to finish. His own opinion is opposed to that of every other man in the audience, and that is why I want him to listen to the testimony that can be offered by both sides.

"Nothing could be fairer than this. If I am a faker and the stories that have been circulated about me are true then it will be easy for the other side to substantiate their accusations. If I am an honest man, who took up prize-fighting as a means of livelihood early in life and who has followed it honestly ever since, then I think the Mayor, after listening to all the evidence, will say so. I don't mean to leave San Francisco until I get a verdict, and the fact that Mayor Schmitz has already said that he believes it was a fake fight does not in any way alter my determination.

"I am willing to leave it with the Mayor. So far as I have been advised, there is some mysterious business man in San Francisco who knows that an agreement had been reached whereby Jeffries was to knock me out in the eighth round. I would like to have that business man produced. I would like to know how he received his information. The Mayor has been quoted as saying that he placed confidence in this business man's tip and that he regarded as indisputable evidence of fraud the fact that a letter was filed with him the night before the fight *predicting* that I would be knocked out in the eighth round.

"I simply ask, now, that the Mayor will listen to all the evidence. Everybody, except the Mayor, who saw the fight seems to appreciate the fact that I did my level best to knock out Jeffries. Even the suggestion that he may be prejudiced against me does not bother me a bit. I want him to set a date on which all the evidence may be laid before him, and then I will abide by his verdict.

"I have not taken this action for any selfish motive. My own fighting days are over. It is not likely that I will ever enter the ring again. But I do not want to retire under false colors, and I do not want to, if I can help it, contribute anything to injure the game in San Francisco. Either there was a fake or there wasn't, and there is no middle ground. I want Mayor Schmitz simply to give a fair hearing to all the evidence that may be produced, and I am willing to abide by his decision."

THE SACRAMENTO'S LOSE TO OAKLAND

TABLES ARE TURNED AND THEN THE SENATORS WIN BY ONE RUN.

Oakland	59	29	.670

For the third time in the week the Senators were shut out by the Lohmanites in the game at Golden Gate Baseball park yesterday morning. Two thousand people saw Foxy Grandpa and his husky band of little ones play rings around Mike Fisher's hirelings from the Capital City, and when the agony was over Oakland stood on the long end of a 6-0 score.

It was Hodson, who was largely responsible for the shut-out of the Senators. At all times he was a puzzle, striking out seven men in the nine spasms; walking only one, and granting only five permissions to line the sphere out for swats of little value in the earned-run column. While all this was going on, the Lohmanites landed on the man whose name is suggestive of good whisky, for eleven bingles. Hodson had glorious backing, the team behind him playing almost an errorless game, while the Senators, at times, gave an exhibition of good old-time county-fair ball.

In the seventh, Judge McCreedie, whose stick wins many games for the midgets, was hit on the finger by a pitched ball while at bat, and so badly was the member injured that he was forced to the bench. Cristall took his place in the field. For delaying the game by refusing to come to the plate when called, Doyle, of the Senators, was put out of the game in the seventh. The score:

Even with hard-hitting McCreedie out of the running owing to injuries received in the morning game, it took the Seators fourteen innings to finish first on the long end of a 1-0 score, in the game with the Lohmanites at Recreation Park, yesterday afternoon. It was a hair-raising game frm start to finish, and ten thousand fans were kept busy cheering and guessing what the next sensational play would be. Both Stricklett and Schmidt pitched phenomenal ball. Only two errors came to the Lohmanites in the fourteenth, but both were costly and they sent the winning run over the plate. The runs and hits by innings are as follows:

Oakland	0	0	0	0	0	0	0	0	0	0	0	0	0	0	—1

Base hits	0	0	0	0	0	1	2	0	1	1	1	1	0	1	—8

By taking the game at Los Angeles yesterday afternoon the Morleyites made it four out of five in their series with Uncle Hank's hired men. Jones was on the slab for the home team, and Merideth twirled for the visitors. In the fourth it looked all Frisco when they lined out the sphere for four bingles that drove two men over the rubber. Then the Angels began to hit some. They annexed one tally in the seventh, two in the eighth, and made the score an even four in the ninth. In the eighth inning Parrott sent the ball hurling over the center field fence for a homer, but there were no Ponies on the stations and Parrott's effort ended their run-getting. The score:

Los Angeles—4.
San Francisco—3.

NOME'S GOLD KING DOES NOT WANT TO PAY ALIMONY

Says His Wife Has Plenty of Money But Is Willing to Take Care of His Children.

Through his agent, Attorney W. H. Metson, Erik O. Lindblom the Nome millionaire, who is being sued by Mary A. Lindblom for a divorce and a division of property alleged to be worth $8,310,000 today filed affidavits in answer to the application for counsel fees, alimony and the appointment of a receiver to take charge of the property pending the action.

It is claimed Mrs. Lindblom has ample means to prosecute her divorce proceedings and maintain herself and children.

It is also denied that it is necessary to appoint a receiver.

Further denial is made of the allegations regarding the value of Lindblom's property interests.

Owing to the scandal and publicity following the commencement of the divorce proceedings it is alleged Lindblom left this State and went to Nevada. He then went to Idaho, and from there to Seattle, where on June 2 last he sailed for Nome to look after his business interests, as has been his annual custom in past years.

It is claimed that Lindblom's income is only $600 a month and that no revenue is being received from any of his property, except from his one third interest in the Pioneer Mining Company. The total income from the claims included in this company, it is alleged, has been only $2,464,000, and it has cost half that sum to extract the gold.

The water company organized by Lindblom at Nome, it is alleged, is not paying any revenue because the plant was constructed to accommodate a city of 25,000 population, while Nome has only about 10,000 residents.

Regarding his electric light and power company in Mexico, it is alleged that Lindblom's partner, T. T. Lane, has refused to allow the books of the company to be inspected and for that reason suit was recently begun against him. No revenue is being received from the property.

It is further alleged that Lindblom lost large sums of money by investing in real estate at Nome when values were inflated.

Lindblom's partners in the Pioneer Mining Company, which is incorporated for $5,000,000, are Jafet Lindberg, and John Brynteson. It is alleged that all of the free gold has already been extracted from the claims and that further working of them must be by a technical process. The owners are now endeavoring to dispose of the stock so they may receive an aggregate sum of $760,000 for the property.

It is alleged that Lindblom conveyed to his wife the home in Berkeley that cost $20,000 and two years ago gave to her $35,000 cash in bank. As Lindblom paid all expenses prior to their separation, it is alleged Mrs. Lindblom has plenty of cash at her disposal. It is stated that Lindblom is ready to make ample provision for his two children and have them properly educated. He asks their custody, claiming the mother is not a proper person to take care of them.

DOUBLE BILL AT THE DEWEY

TWO FINE PLAYS IN WHICH STAR PLAYERS WILL APPEAR.

Tonight at the Dewey Theater there will be a great double bill in which Robert Downing, Marie Heberton, Landers Stevens, Fanny Gillette and all of the Stevens Stock Company will take part.

It will include the play, "Paris in 1793," in which Robert Downing and Miss Heberton will take part. This is a romantic and a heroic piece which will both entertain and thrill the auditors.

The other feature of the bill will be the pretty drama, "David Garrick."

This last mentioned play is founded upon an episode in the life of the great actor David Garrick. There is in it one of the most charming love stories in the English drama. There are also graphic portraitures of English character, which will be more finely produced.

The part of Garrick will be played by Landers Stevens.

Mr. Stevens will be assisted by Fanny Gillette and the rest of the Stevens Stock Company. This bill will run all this week.

ALL HE WANTS IS GOOD MONEY.

AMERICANS ARE INTERESTED IN THE LONDON UNDERGROUND RAILROAD.

LONDON, July 28.—The Parliamentary committee dealing with Charles T. Yerkes' proposed transportation system for London elicted the fact today that only £2,000,000 out of £5,000,000 capital of the new district road is held in America.

Sir Lewis McIvor, chairman of the committee said he did not care where the money came from so long as it was *good money*.

Mr. Yerkes testified that it was his intention to give the British workmen as much of the electrical work as possible and to buy all materials in England, except their own work which would come from Germany.

He believed two pence should be the universal underground fare for the metropolis.
